Maintenance System

Concrete Cleaner™

SURFACE MAINTENANCE

Concrete Cleaner™ is a high-quality, multi-purpose concentrated cleaner and light-duty degreaser. It can be diluted with water to remove grease, oil, adhesive, dirt, food, soot, and more. Concrete Cleaner™ contains a powerful and natural vegetable-source solvent that is both safe and biodegradable. Concrete Cleaner effectively cleans concrete surfaces that have been stained with NewLook Concrete Color Stains. Read the respective Technical Information Sheet for more information.

Features & Benefits:

- Water based, non flammable
- Non - ozone depleting/Low order
- Can safely be used over NewLook stains and most sealers
- Environmentally friendly
- Does not hurt vegetation when mixed with water.
- Multi-surface cleaner safe to use over concrete and many other household surfaces

Sizes & Coverage:

- Available in 16 oz., 1 Gallon and 5 Gallon size container
- Treats approximately 200 square feet (19 square meters) per diluted gallon

Applications (exterior and interior):

- Residential/commercial multi-surface cleaner
- Stained and sealed surfaces
- Driveways
- Patios
- Walkways

Working Tips & Keys to Success:

- For heavy cleaning dilute 1:4, Light cleaning dilute up to 20:1
- Leave on up to 3 min. to remove stain, keep product moist
- Exterior large surface area, apply with a Hudson Sprayer then pressure wash
- Does not harm or delaminate NewLook products
